

# DA-10/8 6P 3V 245W

## Dimensiones y conexiones Dimensions and wiring

### Características Characteristics

|                                                                       |                                                       |
|-----------------------------------------------------------------------|-------------------------------------------------------|
| <b>Tensión</b><br><b>Voltage</b>                                      | Monofásica 230V 50Hz<br><i>Single-phase 230V 50Hz</i> |
| <b>Tipo motor</b><br><b>Motor type</b>                                | 3V IP20 cl.F<br><i>3S</i>                             |
| <b>Velocidad</b><br><b>Speed</b>                                      | 6 polos<br><i>6 poles</i>                             |
| <b>Potencia motor</b><br><b>Motor power</b>                           | 245 W                                                 |
| <b>Intensidad absorbida máxima</b><br><b>Maximum absorbed current</b> | 2,90 A                                                |
| <b>Condensador</b><br><b>Capacitor</b>                                | 10 F/450V                                             |
| <b>Temperatura del aire</b><br><b>Air temperature</b>                 | -20°C<T<+40°C                                         |
| <b>Peso</b><br><b>Weight</b>                                          | 13,2 kg                                               |
| <b>Código ventilador</b><br><b>Fan code number</b>                    | <b>V710050</b><br>----- (MP)                          |
| <b>Código motor</b><br><b>Motor code number</b>                       | <b>9073005300</b>                                     |
